

BY-200

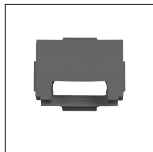

A sound investment

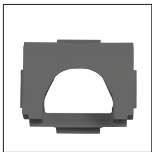

- ➔ **New generation suction cleaner**
- ➔ Avoids obstacles thanks to the high manoeuvrability of its **patented wheels**
- ➔ **Optimised pool cleaning: V Flex™ patented** self-adjusting variable vanes that captures large debris
- ➔ **Maximum suction irrespective of flow (three interchangeable throats)**

YEARS OF WARRANTY

5

Small throat
For better suction with lower flow rate and smaller pump, use at lower variable-pump speeds

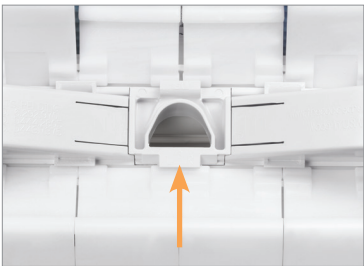

Medium suction head
For use with the majority of suction pumps

Large throat
Optimizes suction and water flow with higher flow and larger pump, can be used at higher variable-pump speeds.

V Flex™ : Close-up view of the folding vanes of the turbine allowing easy passage of large debris

Throat

Leaf canister optional
