

BINDER

EasyStar[®]
Die Nachrüstanlage

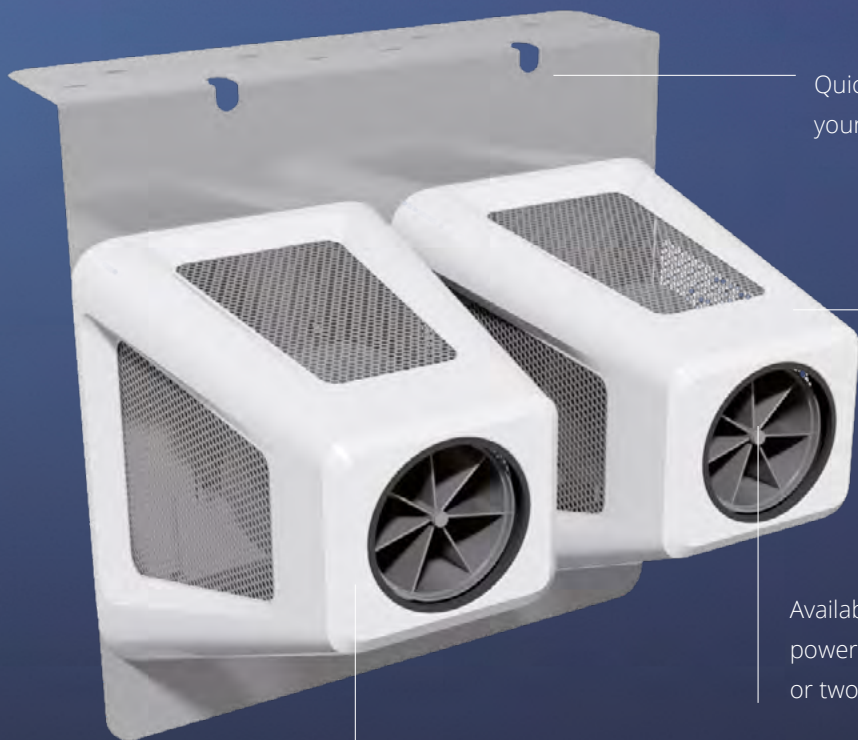

Simply **MORE**
for your pool.

EASYPSTAR –
The instant swimming system.

Simple to install.

Hook it onto the side of your pool, screw it down, lay the cable, mount the control unit, **and start swimming.**

Quick and easy installation by your specialist retailer

Available with a light grey or traffic white housing

Available in different power levels with one or two turbines

Modern, dynamic design

We make installing our EasyStar retrofit system as easy as possible for specialist retailers.

Easy installation is ensured by various installation aids that are precisely tailored to specific pool types. Regardless of whether the EasyStar is to be installed in a pool with a skimmer or an overflow. Our installation bracket guarantees quick installation. Even for simple above-ground pools!

Fun for the whole family

Optimal training

Perfect training ...

"Swimming with EasyStar allows me to train intensively on my technique."

Elena Krawzow
EasyStar brand ambassador
 2019 and 2020 para-swimming world champion and gold medalist at the 2021 Paralympics in Tokyo!

EasyStar

... Pure joie de vivre!

Time to relax

BINDER24-App
 You can now control your EasyStar via an app

With the **BINDER24** training app, you can not only create your own personal training plans, but much more. Get the app now for even more personalised operation of your EasyStar.

Already have a pool and want to effortlessly upgrade it with a powerful counter-current system?

The modern EasyStar retrofit system was developed especially for this purpose. It offers full performance and all the functions of a built-in turbine swimming system. It is easily attached to the side of the pool using a standardised bracket, and its minimalist and compact design blends in perfectly with its surroundings.

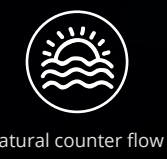

optimal swim training

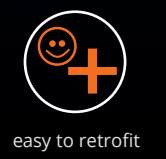

no splashing water

energy-efficient operation

natural counter flow

easy to retrofit

low noise & vibration

maintenance-free turbine

A natural **CURRENT** ...

Localised pressure created by conventional counterflow systems.

Broad and even surface current and undercurrent thanks to BINDER's patented turbine technology.

Can be retrofitted at any time!

“Would you like to swim endlessly without constantly having to turn around?”

EasyStar offers the perfect solution for every training level: We supply the retrofit system in six performance levels with volume flows of 160 to 550 m³ per hour – special solutions with a flow rate of up to 600 m³ per hour are also possible. Please feel free to contact us!

Type	BGA 160	BGA 215	BGA 275	BGA 320	BGA 430	BGA 550
Supply voltage [V]	230	230	230	230	230	230
Rated current [A]	6	8	8	12	16	16
Rated power [W]	1350	1500	1700	2700	3000	3400
Motor type (BLDC)	1 piece	1 piece	1 piece	2 pieces	2 pieces	2 pieces
Rated voltage [V]	24	24	24	24	24	24
Flow capacity [m ³ /h]	50 – 160	50 – 215	80 – 275	100 – 320	100 – 430	160 – 550
Speed [m/s]	1.0 – 2.5	1.0 – 3.2	1.0 – 3.2	1.0 – 2.5	1.0 – 3.2	1.0 – 3.2
Water temperature [°C]	+5 – +40	+5 – +40	+5 – +40	+5 – +40	+5 – +40	+5 – +40

For our turbine driven counterflow system EasyStar you do not require a high-voltage connection!
